

## Screenagers

There was a community screening of the film **Screenagers** held at Milford High School on February 2, 2017. The film addressed screen time and some of the issues families, teachers and students face in an ever-increasing digital world. The event was well-attended, but we know there were some community members who could not be present so we are posting some info and links that might be of interest to parents and community members.

Hopefully, we can continue to offer community events like this to increase awareness and develop collaborative plans to address key issues facing our children, schools and community.
