

Dear Future Sixth Grade Students and Parents,

Welcome to sixth grade! Here's hoping that you are having a great summer and are excited to begin a fun filled year of learning.

Your sixth grade teachers are planning lots of interesting areas of study for you to explore. The opportunities for growth and learning are endless. With your effort, we will have a wonderful year of discovery together.

Just as any professional needs specific tools to help carry out his/her job, so do you. Listed below are the tools needed to fulfill your responsibilities as a student. Please have each of these items by the first week of school and replenish as needed throughout the year.

Enjoy the rest of your summer vacation and return to school ready to have fun as part of the sixth grade. We are looking forward to meeting you on August 30, 2017.
