

As students head back to school this September, we encourage parents to visit the library and make sure their children and teens sign-up for the **most important school supply of all** - a library card. September is Library Card Sign-up Month, a time when the American Library Association (ALA) and libraries across the country remind parents and caregivers that a library card is the smartest card your child can own.

When it comes to achieving academic success a library card provides students with access to a world of both print and electronic resources. Students can access free databases, online homework help, and also attend programs, activities and clubs that provide an added value to the educational experience. Along with our free wifi access, we offer free printing for homework assignments and free 3-D printing for school projects. Our public library is proud to support the education of Milford students!

**Open the door to a world of possibilities  
for the student in your life -  
sign up for a library card TODAY!**

**Wadleigh Memorial Library**

**49 Nashua Street Milford, NH 03055**
