What is Destination Imagination?

Vision – To be the global leader in teaching the creative process from imagination to innovation.

Mission – To develop opportunities that inspire the global community of learners to utilize diverse approaches in applying 21st century skills and creativity.

The Destination Imagination Program is a fun, hands-on system of learning that fosters students' creativity, courage and curiosity through open-ended academic challenges in the fields of STEM (science, technology, engineering and mathematics), fine arts and service learning. Our participants learn patience, flexibility, persistence, ethics, respect for others and their ideas, and the collaborative problem solving process.
